Yasmine Slavenburg
Front-end Developer

SUMMARY

Creative, detail-oriented, front-end developer with a deep interest in AI. Proven track record of creating and implementing successful front-end web applications. Looking to bring my skills to a tech company with global reach.

EXPERIENCE

Front-end Developer Student at SheCodes, Remote

October 2021 — Present

- Built semantically structured front-end web applications.
- Learned advanced HTML, CSS, and JavaScript.

Recent Projects:

Photography Portfolio (Front-end Web App) – Multiple page hosted portfolio. Fully responsive on mobile, tablet, and computers.

Vanilla Weather app (Front-end Web App) – Users can look up their current city by using the current location button and have the option of looking up other cities with a 5-day forecast.

Other Projects: Baking landing page.
